MDG MEDICAL APPOINTS PATRICK MULLOY CHIEF FINANCIAL OFFICER

April 11, 2008 - Cleveland, OH - MDG Medical, Inc., a leading medication management systems provider, today announced the appointment of Patrick Mulloy as Chief Financial Officer. In this role, Mr. Mulloy is responsible for creating and directing the company's long-term financial plan and managing the day-to-day financial affairs. Pat will play a leadership role in business development activities as well as interface with the investment community.

Mark Saffran, CEO and President commented, "With our recently closed investment round, we are pleased to have Pat fill this important role. He brings with him a strong financial and industry transaction background, as well as a proven track record as a business development facilitator and liaison with the investment community. We believe the depth and multi-dimensionality of his experience has prepared him well for his responsibilities at MDG. We look forward to Pat's contributions as we execute our strategic plan to become the leading provider of end-to-end medication management solutions for healthcare facilities from critical access hospitals and larger."

Until recently, Mr. Mulloy served as Chief Financial Officer at Neighborhood America, Inc., a Naples, Florida software firm that helps organizations leverage web and mobile technologies to capitalize on consumer engagement through advanced social networks. Prior to his venture at Neighborhood America, Pat spent 6 years as Director of Finance for Hyland Software, Inc., a position where his contributions helped the company to grow into a leading content-management software firm. Mulloy launched his executive career at Ernst & Young, LLP, where he specialized in working with high-tech clients.

Mr. Mulloy earned a Masters of Business Administration from the Weatherhead School of Management at Case Western Reserve University. He is a Certified Public Accountant and holds a Bachelor's degree in Accounting from Hillsdale College. Mulloy is a member of several leading professional organizations. These include the American Institute of Certified Public Accountants and Financial Executives International, where he contributed his expertise during a term as Director for the Northeast Ohio Chapter. He has actively participated in community stewardship, as a Make-A-Wish Foundation volunteer, a member of the Board of Directors at St. Edward High School in Cleveland, Ohio, and a mentor to university students in the Students in Free Enterprise organization.

"I am exceptionally pleased to join MDG during this exciting period of its growth, and am enthusiastic about the company's prospects," said Mr. Mulloy.

Mark Saffran said, "We have spent considerable time working to find the right person to fill this critical role and were extremely fortunate to recruit Patrick in a collaborative effort with Griffon Partners, an executive search firm that is highly experienced in retaining C, VP and Director level leaders for leading medical device and medical technology companies. We are very pleased that Pat has agreed to join us."

Headquartered in Cleveland, Ohio, MDG Medical, Inc. develops and provides technologically advanced automated pharmaceutical management products and services that improve patient care and provider processes in hospitals and healthcare facilities worldwide. MDG is the unparalleled leader in medication management systems, focused on providing cost effective solutions to smaller healthcare facilities. MDG's flagship product, ServeRx™ leads the industry in delivering the unique system solution that increases patient safety, reduces human error, simplifies medication administration, improves medical staff efficiency, and monitors the management of hospital pharmaceutical supplies. Along with ServeRx™, MDG provides a host of medication management products and services to hospitals throughout the United States, Europe and the Middle East.
