## Pennsylvania among top 10 in health-care VC firm presence

Pittsburgh Business Times

Pennsylvania ranks sixth in the nation in health care-focused venture-capital firms, according to data from **BioEnterprise Corp.**

The Cleveland-based biosciences business incubator reported that the state has 24 health-care venture-capital firms, trailing California, Massachusetts, New York, Washington state and Ohio. The informal snapshot includes data from Dow Jones VentureSource and association Web sites.

Some of the VC firms that seed health care companies in the Pittsburgh area include **Birchmere Ventures**, **iNetworks**, and **Innovation Works**.
