Private Equity Placements and Venture Capital Rounds

The following table includes institutionally placed private equity financings for private and public medical devices, biotechnology, pharmaceuticals, and healthcare companies announced over the previous month.

Company Name	Last Financing Date	HQ Location	Round	Description	Last Financing Size (Millions)	Investor(s)
Mindstrong	15-Jun-17	Palo Alto, CA	Early Stage VC	Developer of the first-ever brain biomarkers applying machine intelligence to human-computer interaction patterns with patented break-through science and technology enabling ecological and continuous measure of neuropsychological function.	14.35	Foresite Capital, ARCH Venture Partners, Optum Ventures, Berggruen Holdings, One Mind Brain Health Impact Fund
Median Technologies (ALMDT)	15-Jun-17	Valbonne, France	PIPE	Developer of medical imaging and diagnosis software that manages end-to-end medical imaging workflow using unique algorithms and combining it with advanced image visualization and cloud-based imaging systems.	Undisclosed	Undisclosed Investors
AGCT	15-Jun-17	Saint-Petersburg, Russia	Early Stage VC	Operator of an R&D laboratory intended to develop new ways to tackle HIV and oncology diseases.	0.77	RBV Capital
NeuroOne	15-Jun-17	Bloomington, MN	Seed Round	Developer of a biotechnology platform designed to offer advanced neuromonitoring and neuromodulating products.	1.50	FundRx, Undisclosed Investors
National Biopharma	15-Jun-17	Chesapeake, OH	Seed Round	Producer of medical marijuana-based products intended to help biotechnology companies develop drugs.	0.05	Undisclosed Investors
Metric Medical Devices	15-Jun-17	Helotes, TX	Later Stage VC	Developer of internal bone fixation implants designed to advance the musculoskeletal repair standard of care.	0.75	Undisclosed Investors
MediPines	15-Jun-17	Newport Beach, CA	Angel	Developer of a non-invasive patient monitoring and respiratory diagnosis device.	2.00	Undisclosed Investors
Integrated Healing Technologies	15-Jun-17	Franklin, TN	Later Stage VC	Developer of wound care therapy devices and systems designed to promote healing at the wound bed by operating at lower pressures, eradicating biofilm, utilizing a non-adherent and antimicrobial dressing, inhibiting tissue in-growth, and reducing pain associated with higher pressures and dressing changes.	0.85	Undisclosed Investors

Private Equity Placements and Venture Capital Rounds

The following table includes institutionally placed private equity financings for private and public medical devices, biotechnology, pharmaceuticals, and healthcare companies announced over the previous month.

Company Name	Last Financing Date	HQ Location	Round	Description	Last Financing Size (Millions)	Investor(s)
Dreem	15-Jun-17	San Francisco, CA	Angel	Developer of a sleep tracking technology product designed to automatically analyze a person's sleep stages in real-time and process the data with sophisticated machine learning algorithms that provide personalized metrics and AI powered tips that constantly evolve based on the person's sleeping habits.	11.5	Xavier Niel, Laurent Alexandre, MAIF
iTi Health	16-Jun-17	Crozet, VA	Seed Round	Developer of a technology to identify a protein bio-marker in the early stages of pancreatic cancer.	0.75	Center for Innovative Technology Gap Funds, Alex Euler, Undisclosed Investors
Wellframe	16-Jun-17	Boston, MA	Early Stage VC	Provider of a mobile patient engagement platform that helps direct communication between patient and caregiver.	15.00	F-Prime Capital Partners
GreenBone Ortho	16-Jun-17	Faenza, Italy	Early Stage VC	Developer of biomimetic bone implants designed to treat severe fractures and conditions, such as trauma and tumors, that result in extensive bone loss.	9.28	Helsinn, Invitalia Ventures, Innogest SGR, Italian Angels for Growth, Undisclosed Investors
Vertos Medical	16-Jun-17	Aliso Viejo, CA	Later Stage VC	Developer of minimally invasive medical devices designed to treat lumbar spinal stenosis.	28.78	MVM Life Science Partners, Leerink Revelation Partners, Pitango Venture Capital, ONSET Ventures, Aweida Venture Partners, Undisclosed Investors

Private Equity Placements and Venture Capital Rounds

The following table includes institutionally placed private equity financings for private and public medical devices, biotechnology, pharmaceuticals, and healthcare companies announced over the previous month.

Company Name	Last Financing Date	HQ Location	Round	Description	Last Financing Size (Millions)	Investor(s)
Spry Health	16-Jun-17	Palo Alto, CA	Early Stage VC	Developer of fitness and health wearable devices for noninvasive monitoring and analysis of blood composition and physiological indicators of energy, fitness, nutrition, hydration, and sleep.	5.50	Tech Coast Angels, Grove Ventures, StartX, OVO Fund, Think +, Three Fish Capital, Robbie Armitano, Marc Abramowitz, Mahmoud Adi, Eric Chen
Oxygen Therapy	16-Jun-17	New York, NY	PIPE	Manufacturer of therapeutic drugs designed to address hypoxia.	0.24	Undisclosed Investors
Cell Cure Neurosciences	18-Jun-17	Jerusalem, Israel	Secondary Transaction - Private	Developer of human cell-based therapies for the treatment of retinal and neural degenerative diseases, such as macular degeneration, Parkinson's disease, and multiple sclerosis.	12.75	Biotime
Medicrea (ALMED)	19-Jun-17	Rillieux-la-Pape, France	PIPE	Developer and manufacturer of personalized analytical services and implant systems created to bring long-lasting pain relief to patients who undergo spinal surgery.	14.36	Undisclosed Investors
LIDDS (LIDDS)	19-Jun-17	Uppsala, Sweden	PIPE	Developer and manufacturer of pharmaceutical products that offer local treatment of prostate cancer; its proprietary drug carriers can be used to develop new locally acting drugs for a wide range of cancers, such as tumors of the prostate, lung, ovarian, liver, brain, abdominal cavity, spine, head, neck, bone, uterus, kidney, and bladder.	1.97	Undisclosed Investors
ChartSpan	19-Jun-17	Greenville, SC	Early Stage VC	Provider of a patient compliance management and care coordination application designed to organize, request, and send an entire family's health records.	16.00	Cypress Growth Capital, Undisclosed Investors

Private Equity Placements and Venture Capital Rounds

The following table includes institutionally placed private equity financings for private and public medical devices, biotechnology, pharmaceuticals, and healthcare companies announced over the previous month.

Company Name	Last Financing Date	HQ Location	Round	Description	Last Financing Size (Millions)	Investor(s)
Xealth	19-Jun-17	Seattle, WA	Seed Round	Developer of a health platform designed to connect patients, doctors, and digital treatments.	8.63	Draper Fisher Jurvetson, UPMC, Hennepin, Froedtert, Providence Health & Services, Undisclosed Investors
3D Bolus	19-Jun-17	Halifax, Canada	Early Stage VC	Provider of a bolus development software application designed to improve accuracy and efficiency of radiation therapy for cancer treatment.	0.03	Undisclosed Investors
Gamida Cell	19-Jun-17	Jerusalem, Israel	Later Stage VC	Developer of a pipeline of curative cellular and immune treatments for cancer and orphan genetic diseases.	40.00	Shavit Capital Fund, VMS Investment Group, Israel Biotech Fund, Novartis, Clal Biotechnology Industries, Israel HealthCare Ventures
Swallow Solutions	19-Jun-17	Madison, WI	Later Stage VC	Provider of therapeutic devices for diagnosing and treating swallowing disorders, such as dysphagia, as well as nutritional food products tailored to the patient's diagnosed level of swallowing difficulty.	0.73	Undisclosed Investors
Falcon Therapeutics	19-Jun-17	Chapel Hill, NC	Angel	Developer of therapies designed to treat brain cancer by using tumor-homing stem cell technology and creating personalized genetically engineered neural stem cell therapies from the skin of cancer patients.	0.70	Undisclosed Investors

Private Equity Placements and Venture Capital Rounds

The following table includes institutionally placed private equity financings for private and public medical devices, biotechnology, pharmaceuticals, and healthcare companies announced over the previous month.

Company Name	Last Financing Date	HQ Location	Round	Description	Last Financing Size (Millions)	Investor(s)
Esculon	19-Jun-17	Omaha, NE	Angel	Developer of advanced surgical drainage systems intended to address expensive and frequent complications in patients undergoing open-heart or open-lung surgery by using a series of integrated sensors, algorithms, and small battery-powered controllers to monitor wound site drainage, ensure proper evacuation, and provide critical data for clinical decision support for the attending clinician.	1.55	Undisclosed Investors
Hugsy	19-Jun-17	Eindhoven, Netherlands	Seed Round	Developer of a smart blanket designed to be used with preterm neonates and their parents in a neonatal intensive care unit.	Undisclosed	Crowdfunding
Serimmune	20-Jun-17	Santa Barbara, CA	Early Stage VC	Operator of a molecular diagnostics company designed to provide diagnostics and therapeutics for autoimmune diseases.	8.00	Illumina Ventures, Merck, Undisclosed Investors
iOnctura	20-Jun-17	Geneva, Switzerland	Seed Round	Provider of biopharmaceutical research and development services intended to focus on therapeutics to modulate key culprits of immunosuppression in the tumor microenvironment.	Undisclosed	Merck Ventures, Cancer Research Technology
Deerland Enzymes	20-Jun-17	Kennesaw, GA	PE Growth/Expansion	Developer, formulator, and manufacturer of enzyme and probiotic-based dietary supplements; it also provides regulatory support and performs specialty contract manufacturing services, including bulk blends, liquids, hard shell capsules, and tablets.	Undisclosed	RoundTable Healthcare Partners
Bigfoot Biomedical	20-Jun-17	Milpitas, CA	Early Stage VC	Developer of a Type 1 diabetes management system for people with insulin-dependent diabetes and blood sugar control.	5.25	T1D Fund, Undisclosed Investors
RightEye	20-Jun-17	Bethesda, MD	Angel	Developer of an eye-tracking technology designed to measure visual skills.	7.28	Undisclosed Investors
Health Outcomes Sciences	20-Jun-17	Overland Park, KS	Later Stage VC	Provider of a SaaS-based content enablement platform that translates scientific models into automated evidence-based decision support services.	1.89	Undisclosed Investors
Anelixis Therapeutics	20-Jun-17	Cambridge, MA	Angel	Provider of a biotechnology platform intended to assist in preclinical proof of concept studies with established in vitro and in vivo assay systems.	4.29	Undisclosed Investors
