

2018 Midwest Healthcare Growth Capital Report

\$ Record
2.5B

Raised by Midwest Healthcare Companies in 2018

Investments by Sector

Healthcare IT/Software/Services: \$968.3 Million

Biotech/Pharmaceutical: \$780.4 Million

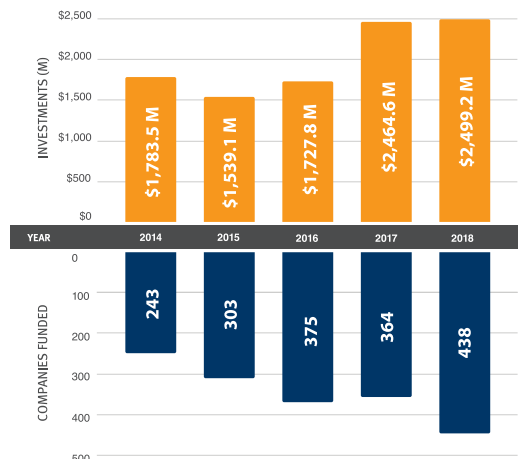

Medical Device: \$750.3 Million

Investments by State

The Midwest Healthcare Growth Capital Report compiles data from Pitchbook, SEC Filings, company press releases, news items and regional Midwest biomedical organizations and accelerators. The report details investments in three biomedical sectors: medical device, biotechnology and pharmaceuticals, and healthcare IT/software and services. Investments include seed, venture, individual and group angel funding, private equity, bridge funding, convertible debt, foundation funding with an equity component, strategic and corporate investment, secondary offerings and PIPEs. Funding is broken into three main categories: Seed (includes: Accelerator/ Incubator, Friends and Family, and Seed), Early (includes: Early stage VC, Series A, and Series B) and Late (includes: Later stage VC, PE Growth & Expansion, PIPE, Series C, Series D, etc.). Convertible debt, Angel, and Undisclosed funding rounds are included within one of these three categories based on the company's life stage.
